## *The Thoughts of Youth*

*There are gains for all our loses,  
There are balms for all our pain,  
But when Youth, the dream, departs,  
It takes something from our hearts,  
And it never comes again.*

*Something beautiful has vanished,  
And we sigh for it in vain;  
We behold it everywhere,  
In the earth and in the air,  
But it never comes again.*

# Thoughts of Youth . . .

*Youth is not a time of life —  
It is a state of mind, A temper  
of the will, A quality of  
the imagination, A vigor  
of the emotions, A freshness  
of the deep springs of life.*

*Nobody grows old merely by  
living a number of years;  
people grow old by deserting  
their ideals. Years wrinkle the  
skin, but to give up enthusiasm  
wrinkles the soul.*

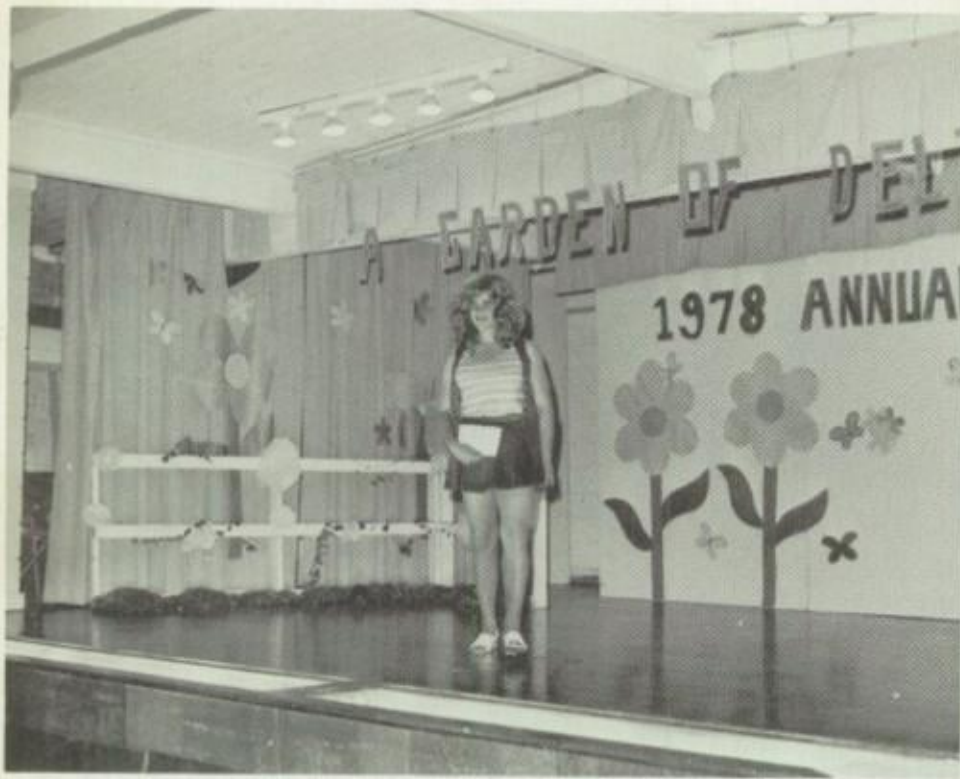

*Whether 60 or 16, there is in every human heart the lure of wonder, the undaunted challenge of events, the unfailing childlike appetite for what's next, and the joy of the game of living.*

# *One Smooth-Running School District = Dependable School Personnel*

School personnel have the difficult job of seeing that two separate campuses are run as one with smoothness and efficiency. Too often students and community take for granted the services that these people provide. A school isn't just pupils, principals, and teachers — it's the ladies in the cafeteria, the maintenance people, the bus mechanic and the secretaries who keep the ordinary, daily crises from developing into chaos.
